- 3 2" brass headpins

Directions:

- 1. String a glass flower onto a headpin and create a wrapped loop. Keep wrapping the wire to create a messy wrap.**
- 2. Attach the two 6mm brass jump rings together, add the bird charm to the bottom jump ring.**
- 3. Leaving a 2" tail create a loop at one end of the steel wire. Open the loop and string on two flowers, the bird and one flower. Close the jump ring and with the remaining wire, create a wrapped loop and continue wrapping the extra wire to create the messy wrap.**
- 4. String on the house bead and create a wrapped loop, finishing it in the messy wrapped style.**
- 5. Attach the 15mm jump ring to the top of the pendant.**
- 6. Cut two 2" lengths of the vintage chain. Attach them to the 15mm jump ring with the 5mm brass jump rings.**
- 7. Open a 7mm jump ring, add a crystal, repeat with each jump ring. Close two of the jump rings. Slip one open beaded jump ring through a closed beaded jump ring and close it. Repeat with a third beaded jump ring, going through the two previous jump rings. Repeat to create a second cluster of beaded jump rings.**
- 8. With the 5mm jump rings attach the beaded jump ring cluster to the vintage chain and the 18" gunmetal chain. Repeat on the other side.**
