Instructions:
1. Hammer the word SLY onto the brass connector and use the round end of the ball peen hammer to create texture. Use a buffing block to bring out the highlights of the metal.
2. Paint the hammer with either a patina system or with acrylic paint, seal with matte finish.
3. String the fox bead onto the headpin, create a loop.
4. Open one 7mm jump ring, add on the brass connector and three brass nugget beads. Close jump ring.
5. Add a 7mm jump ring onto the last one and slip the fox onto this ring and close.
6. Add the first jump ring onto the 15mm jump ring.
7. Add the 4mm jump ring onto the feather. Attach the feather jump ring to the connector with a 5.5mm jump ring, adding one brass nugget bead to the ring before closing it.
8. With the 2 strands of linen create a [Lark Heads Knot](#) around 15mm jump ring.
9. Knot all four strands together and string on a wooden bead. Knot all 4 threads at the top of the bead.
10. Separate the strands so two are on each side. Create knots an 1" apart to the desired length. Leave 2" on both ends
11. String a wooden bead on the end of the linen, knot and trim the ends. Repeat on the other side. To secure the necklace, thread the bead through the last two knots on the linen. You can wear the necklace long or short depending on where you thread the beads through on the knotted cord.
